

arki_lab opening for Autumn 2021

URBAN DESIGN INTERN

Do you want to learn about new methods and use your skills to design inclusive urban spaces? Are you enthusiastic about designing cities with people?

ARKI_LAB IS LOOKING FOR AN INTERN STUDYING LANDSCAPE ARCHITECTURE, URBAN DESIGN OR SIMILAR DISCIPLINES

You will be a part of our interdisciplinary team located in the heart of Nørrebro, where you will get hands on experience in a creative and fun work environment. We offer you new challenges and the opportunity to experience working in a small, fast-paced office in Copenhagen with many different tasks. You will experience a dynamic structure where you are the driver of your own projects, but with comprehensive feedback to ensure that you learn and grow throughout the internship. The internship is unpaid.

ARKI_LAB IS AN INTERDISCIPLINARY URBAN DESIGN STUDIO

In a team comprised of urban designers, architects and ethnologists we develop strategies, analyses, workshops and design cities in close cooperation with municipalities, citizens and other actors. We believe that citizen engagement is the key to developing innovative and sustainable cities! Learn more about our projects at www.arkilab.dk

YOU WILL

- Be a part of our urban design projects and work with concept development
- Get an insight into the design process from beginning to end and working with different stakeholders
- Gain experience with competitions, fund applications and presentations, working in close collaboration with the team
- Keeping our website dynamic and attractive, creating new images and graphics
- Contribute to developing our engagement methods

WE EXPECT THAT YOU

- Are able to start mid August/beginning of September 2021 for a period of 5-6 months for 30-37 hours a week, but we are flexible so do not hesitate to apply.
- Are a dedicated and independent person who is passionate about co-creation, citizen engagement and sustainable urban design.
- Understand how to visualize ideas and concepts
- Have experience with Adobe Package and preferably Rhino
- Can work creatively and independently

APPLICATION DEADLINE
